Dear Harold

I recieved postmortem + your letter Thursday I only like "whitewash" the report or the Warren report having the set, Since Oswald in New Orleans is out of print I don't guess I'll ever find it! As you know the A+E series started last nite the first one lasted 1 hour You were in it along with Coroner Cowley Robert Groden, Cyril Wecht + some doctors and others. From what I understand the series will run 1 hour each but I don't know for sure until it's over. I hope this letter finds you in good health today. When I order the Post book if any way possible Will you please autograph it inside for me? Leave the $1.00 Check you sent to me on your checking acct. I don't want to Cash it! I have my own Archives to keep !!! These books + tapes I have on JFK are very valuable to me as your letters are. When the series is over You'll recieve a copy for your College + one for yourself to keep. I admire you alot, I'd love to be able to set down with You face to face + talk to you. I don't guess that would ever be possible since your health may not permitt

it. I only want to know more! and mostly the honesty of a person such as yourself. I've often daydreamed on taking my vacation next July in Dallas but I don't know how to go about finding things, and don't know who to talk to either. This National Archives in Washington do they have tours and certain times you can see the exibits or are they closed to the public I guess what I'm asking is how do I go about seeing the exibits such as 399 the Magic bullet the photos + Clothes of J+K? I won't keep you any longer, you will receive your tapes after the series is over, Take Care of yourself + health I hope to see you maybe one day, by the Way you don't owe me anything for the tapes. until I hear from You! Bye Bye

Sincerly your friend

Martha
